ABOUT

B.Tech Computer Science (AIML) student with a strong interest in Full Stack Development and application building. Currently developing skills in modern web technologies to create scalable and efficient applications. Passionate about software development, problem-solving, and continuously learning new technologies. Seeking opportunities to apply technical knowledge in real-world projects and contribute to innovative software solutions.

EDUCATION

SR University

April 2028

B.Tech in Computer Science Engineering (Artificial Intelligence & Machine Learning)

Related Coursework: Data Structures & Algorithms, Web Development, Database Systems, Operating Systems, Computer Networks, AIML, Software Engineering.

CGPA: 8.1 / 10

Singareni Collieries Polytechnic

August 2022 - May 2025

Diploma in Computer Science Engineering

Related Coursework: Programming Fundamentals, Data Structures Basics, Database Concepts, Computer Networks, Operating Systems

CGPA: 9.63 / 10

Radiant High School

May 2022

Secondary School (10th Grade)

CGPA: 9.7 / 10

Technical Skills :

- **Programming:** C, Java, Python
- **Web Development:** HTML, CSS, JS, Bootstrap
- **Database:** MySQL
- **Concepts:** DSA, OOPS
- **Version Control:** Git, GitHub

Tools & Technologies

- VS Code
- Postman
- MySQL Workbench

Soft Skills

- Problem Solving
 - Communication
-

PROJECTS

Assignment & Resources Management System

Developed a full-stack Learning Management System that enables students, teachers, and administrators to manage assignments, course materials, submissions, and grading through a centralized web platform with secure role-based access.

Manufacturing CRM & Quotation Management System

Developed a full-stack CRM platform for manufacturing businesses to manage leads, track workflows, generate quotations, and monitor sales performance through a secure role-based system.
